I have advised Dr. Schneider that his interest in the house is property of the estate and can't be sold without court permission.

Van,

I have no objection to continuing the 341 meeting again. As for dates, my suggested dates are subject to confirmation from Trent that they are acceptable to him and I assume you also need to check with Dr. Schneider as to his availability. I suggest we look at the 3 subsequent Mondays, that

is, June 15, 22, and 29.

Attached is the letter setting forth all the documents that still need to be provided. I have not copied Ross on this letter because Dr. Schneider previously indicated in his 341 testimony that he could provide the documents for all entities. It is his responsibility to get the documents to me, including those for Medport. The documents previously provided for Medport are completely unresponsive to our requests.

I also learned today that Dr. Schneider has listed the home at Tommy Armour for sale. I object to any sale by Dr. Schneider. We need to discuss this.

Joe-

I request that you continue the continued 341 meeting in the above matter due to the fact that Judge Kirscher moved the Missoula hearings to June 9. I have two major matters on the 9<sup>th</sup> which I would really prefer to handle in person and also really don't want to drive through the night to get back. I would be happy to handle the service of the notice of continuance as it is my request.

Also, I would really appreciate it if you could get me the updated list of documents that you still need. As you recall, we spoke on April 21 and you told me that you would be getting me a follow up letter. I would really like to avoid this continued creditor meeting altogether (if possible, of course), by getting you the documentation that you require.

Thanks.
